LE BRASSEUR'S IS THE LARGEST MAIL ORDER SURGICAL GOODS HOUSE IN THE WORLD.

Inhalators

Can you breathe freely through the nose? Clogged and stuffy passages are responsible for more illness and disease than is generally supposed.

The "**INHALATORS**" are made with absolute anatomical accuracy to re-open the obstructed nasal passages, and can be worn without the slightest discomfort and their presence cannot be detected.

"**INHALOIDS**" (Regd.) are an invaluable and indispensable adjunct to the Inhalators, emanating a healing balm into the deepest recesses of the nasal cavities, dispelling the mucus which is clogging the passages and preventing free action of the nose.

Le Brasseur's "Inhalators" and "Inhaloids" work the cure during sleep.

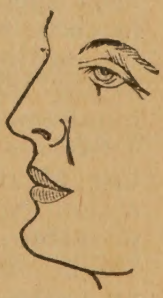
Compare these two Faces.

THE WRONG WAY.

A Mouth Breather. Note the blank anæmic expression; the nostrils are practically closed from disuse.

THE RIGHT WAY.

The healthy countenance of a Nose Breather. Note the strong virile expression of him who breathes nature's way. Suggestive of the full breathing athlete.



Price of Outfit—

No. 7

The Complete Outfit, containing one pair of Le Brasseur "**INHALATORS,**" two boxes of Le Brasseur "**INHALOIDS**" (Regd.) secure and privately packed, will be sent for **15/-**

Extra Boxes of "INHALOIDS" 2/6 each. All others are worthless imitations.

NOTE.—"INHALATORS" are supplied in 5 sizes, 0 to 4, 0 being the smallest. When ordering state whether nostrils are small, medium or large, and the variation, if any, between the left and right nostril.

Deal direct and save intermediate profits.

Enemas, Syringes, etc.

The Famous "Braspray" Syringe. No. 53

(Reg. No. 353512.) **Recommended by the Leading Physicians.**

VALUABLE TESTIMONY.

A Doctor writes :— London, W.

" I have given your " Braspray " a very thorough test and find it is **splendid in its action.** It is a syringe every woman ought to have, and I shall always recommend the same to my patients." J.S.S., M.D.

The " BRASPRAY " Syringe has a very powerful flushing action, and by permitting the water to come in direct contact, thoroughly cleanses the entire surface.

It is well known that regular injections are recommended very strongly by doctors as a very important agent for many ailments of women, and for this purpose the Syringe has been specially devised. We are often asked to recommend a spray **which cannot fail in its action,** and we have no hestiation in saying the **" Braspray " Syringe** meets the requirement exactly.

There are no **screws, pipes or valves to get out of order ;** it has extreme simplicity of action ; it is easily cleansed ; **no leakage is possible,** and it **will last for years.**

Unlike other Syringes, our **"BRASPRAY"** has **an extra large bulb,** the largest it is possible to make, and **holds considerably over NINE FLUID OUNCES.** The spray regulator can be adjusted to control the flow ; when the **bulb** is released the liquid is again drawn into the bulb. **The " BRASPRAY " is made at our works in Passy, Paris,** each one is subjected to a very severe test, and is therefore absolutely perfect.

See our Nam on bottom o each Bulb.

MADE IN ONE QUALITY ONLY—THE BEST.

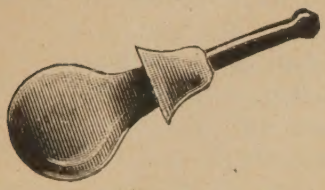
It is worth and sold elsewhere at 21/- and 25/-

We sell it for - - - - 12/6

It is only obtainable from us at this low price because we are the **Manufacturers. Unobtainable elsewhere.**

The " Braspray " is indispensable to cleanliness.

Le Brasseur's Sprays, Enemas, Syringes, etc.



Le Brasseur's "Perfect" Whirling Spray. No. 53a

THE WHIRLING SPRAY HEREIN ILLUSTRATED is an exceedingly efficient spray, embodying all the latest improvements and is greatly superior to anything hitherto produced at the price. Price 7/6 each. One quality only.

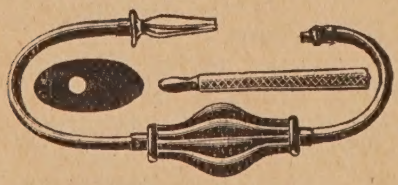
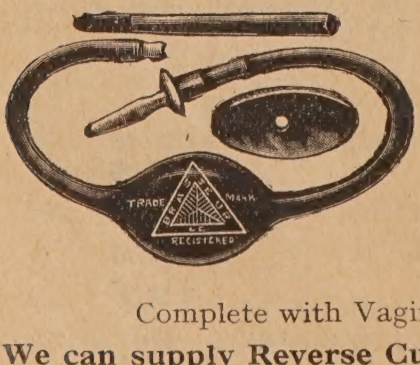
The "Higginson" Enema. No. 49



This is a very convenient form, the Bulb disconnecting from the tubes so that it can easily be carried in a box without kinking the rubber.

Price 7/6 One quality only.

Le Brasseur "Hand-Made" Enema with Glass Tubes. No. 51



This Enema is **warranted pure rubber throughout,** and is fitted with either **Gum Elastic Vaginal and Rectal Pipes** or **sterilizable glass tubes.** It differs from other Enemas, the valves being fitted in the **two extreme ends,** which enables them to be easily removed and cleansed. It will outlast any other make. **Fitted with extra large bulb.** Specially recommended by the Medical Profession.

Complete with Vaginal and Rectal Pipes in box **8/6** each.

We can supply Reverse Current Elastic Gum Vaginal Pipes to fit all our Enemas, Price 1/- extra.

Our Manageress will answer all Ladies' queries—

Dr. E. B. Foote, M.D., says—" An Enema should be used daily by every woman, and **Married Women** have no excuse for not using it." Our Quinine Powders or Germicidal Spray Tablets are recommended to be used with Syringes or Enemas, as water alone is not to be depended upon.

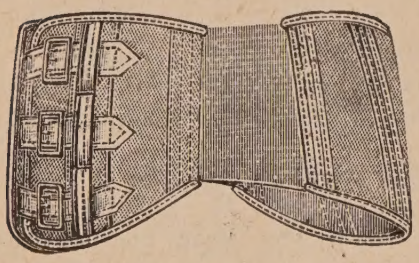
Gentlemen's Belts

The Gentlemen's Belts illustrated and described below are not manufactured on the rough and ready principle, such as can be purchased from any local shop, but with due regard to the purpose for which they were specially designed, namely, to protect the most vulnerable part of the body—Abdomen and Kidneys—and to give warmth, protection and support where most needed. These Belts are just the thing for sufferers from lumbago, sciatica, dull and aching pains in the back, etc.

No. 260 Good quality Felt, fleecy lined, 6 in. deep, best finish, warm and durable, in two shades; Fawn and Grey (state colour required). **Price 5/-** each.

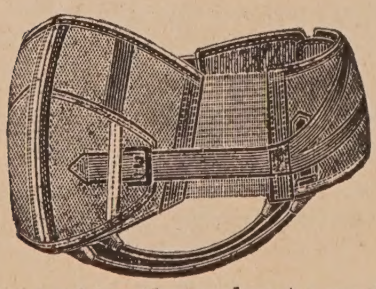
No. 261 Best quality Moleskin Belt, gives firm support as well as warmth. Wonderful value, highly recommended. **Price 6/6** each.



No. 262 Special quality Moleskin Belt, elastic sides, easily adjusted, can be worn with equal comfort in summer or winter. Of great support. Most suitable for those having a tendency towards corpulency.

Price 10/6 each.

No. 263 Made of finest quality Sateen, heavily lined flannel, elastic sides. Similar in design to No. 262 but expressly made for winter wear. For corpulency, this belt, which gives the fullest support in addition to considerable warmth, has positively no equal. **Price 17/6** each.



No. 264 This illustration represents a New Drab Coutil Belt for Gentlemen, specially designed as a support for all abdominal weaknesses, excessive corpulency, obesity, kidney and other stomach troubles. Lined finest quality swansdown, **elastic sides,** lift up straps as shewn by illustration, permitting easy adjustment. Best workmanship throughout, unobtainable elsewhere at the special low price of **37/6** each, with or without understraps.

NOTE.—*When ordering Belts, kindly give measurements of waist, middle and lower part of abdomen, as indicated by diagram on page* 11 *opposite. Any Gentlemen's Belts not illustrated in this list can be specially made at short notice. Let us quote you your requirements.*

IF YOU REQUIRE A BELT NOT MENTIONED IN OUR LIST PLEASE WRITE US; WE MAKE ALL KINDS OF ADULTS AND CHILDREN'S BELTS, AND GUARANTEE A PERFECT FIT

Maternity Belts. No. 266

These are specially designed as a support for Ladies to be used before accouchement ; they are very light and comfortable but of great support to the abdomen. No. 3 can be adjusted to suit any figure by means of a Fulcrum Band fixed to the belt, can be fitted in half a minute and can be loosened or tightened at will. This belt is the acme of perfection.

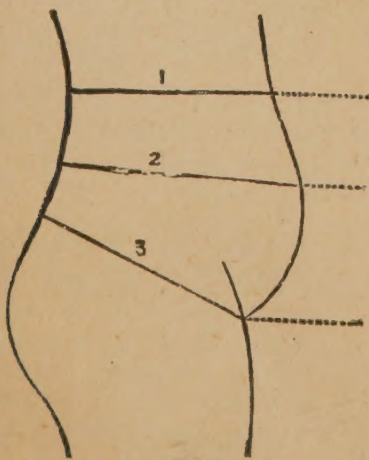
No. 1 Cotton Elastic Maternity Belt, no Stays ... **20/6** each.

No. 2 Cotton Elastic Maternity Belt, of superior make, with Whalebone Stays ... ... **31/6** ,,

No. 3 Tricot Mesh Maternity Belt, complete with Stays, Fulcrum Band, etc. ... ... **39/6** ,,

The above prices include all sizes up to 36 in. ; over 36 in., 2/- extra is charged for every additional 2 in. For Measurement instructions, see below. Present size of waist only required when ordering.

Methods of Measuring.



All measurements to be taken next to the skin.

1—Size of waist.

2—Middle part of abdomen.

3—Lower part of abdomen.

For Accouchement Binders, the natural size of waist only is required.

In measuring give size round at 1, 2 and 3, as per illustration.

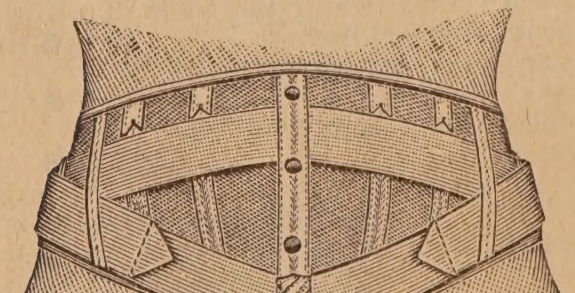
SPECIAL NOTE. As each Belt is only made specially to order, please make sure that the measurements you give are correct.

Le Brasseur Belts excel.

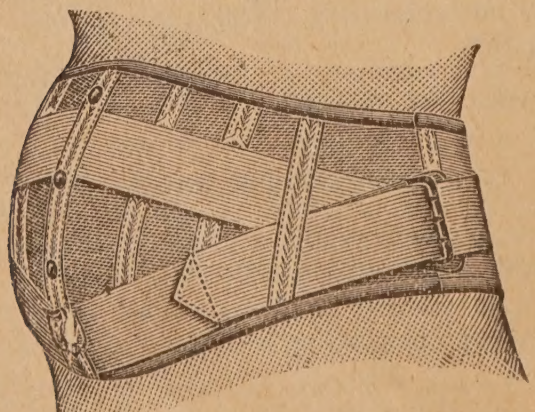
Ladies' Abdominal Belts, etc.

Le Brasseur's Ladies' Abdominal Belts. No. 13

An abdominal Belt is a most beneficial appliance for a woman's use, and is usually required by the majority of women at some time during their lives. Our designer in this class of work has made a speciality of arranging for a natural support, not a dangerous figure cramper. One has only to look at the vast number of women during trying periods to understand that it is only the want of a properly fitting support that causes their unnaturally worn appearance. **Abdominal Obesity. Varicose Veins,** etc., are frequently caused by not having proper support, and when once brought on are very difficult to cure. Ladies who are troubled with **Corpulency** will find our Abdominal Belt the greatest comfort and assistance. Obesity is checked by support, the muscles contract and a restoration to the usual form naturally follows. In cases of **Tumours, Floating Kidneys,** and other **Abdominal Complaints** an Abdominal Belt is indispensable. Doctors have pronounced them absolutely necessary to ensure a safe and successful accouchement.



Front View.



Side View.

Important.—We would particularly draw attention to the following advantages of this belt :—

1—It is placed in position the two ends slipped through slit at back—**10 seconds.**

2—Then loosely fasten the ends to the buckles or Fulcrum either side, front of belt—**10 seconds.**

3—Make sure the belt is in the correct position, buckle the bands tighter, and the belt is fixed.

It **cannot move about or "fidget" you,** yet at the same time you are unconscious of its presence save for a naturally splendid feeling of ease and comfort so different from the almost **harness-like belt in ordinary use.**

If you're Ruptured, page 30 will interest you.

Why not send for one?

You will wonder why you have ever hesitated when you see it. A belt that is adjustable in less than **one minute and guaranteed support and safety where most needed,** yet so light that you are not even **conscious** of its presence.

These belts are made in four qualities, the difference in prices being in the quality of material used. The belt at **27/6 is just as good an article** as the one at **45/6,** and so on with other prices, as far as **making is concerned,** but naturally the materials used in its construction **are not so good.**

No. 1 Best quality Sateen, Elastic Front, very durable **27/6** each.
No. 2 Finest quality Thread Elastic Front, Coutil Sides **35/-** ,,
No. 3 Fine quality Mauve Silk Elastic Front, best Coutil Sides ... ... **45/6** ,,
No. 4 Best White Silk Elastic Front, finest white Coutil Sides, finest quality obtainable ... ... **62/6** ,,

The above prices include all sizes up to 36 in. Over 36 in., 2/- extra is charged for every 2 in. Standard width front of belt, 9 in.

Directions for Measuring, see page 11.

Le Brasseur Abdominal Drab Coutil Ladies' Belt.

Fig. 13a

For very full and corpulent figures.

This belt possesses all the outstanding features of the Abdominal Belts No. 13, shewn on this and opposite pages but has been specially designed to meet the requirements of those with very **full figures.**

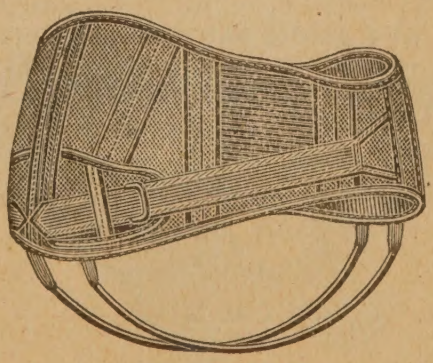


Fig. 13A

Sufferers from Abdominal Obesity, Abdominal Weakness, Kidney Trouble Lumbago, Sciatica, etc., will find this perfectly constructed Belt vastly superior to anything hitherto produced, giving the maximum amount of comfort and support and greatly improving the figure without cramping or gripping.

No. 1 Good quality drab Coutil, Elastic Sides, complete with understraps, as illustrated ... ... **37/6** each.
No. 2 Fine quality drab Coutil, Elastic Sides, complete with understraps, as illustrated ... ... **42/6** ,,

Braces

The Corset Brace. No. 17

The latest practical up-to-date creation which gives a man an easy and soldierly appearance; a woman a beautiful form and graceful carriage; and children support, strength and health. It is simple in construction, yet is a constant monitor against the round shouldered habit and a deformed appearance.

When the body is correctly carried it is the most comfortable Brace ever produced and the least retrogression from correct standing or sitting is instantly admonished in a gentle yet persistent manner until the wearer unconsciously is again erect and must breathe properly. It strengthens and expands the chest, and can be adjusted by a child.

Made in **White, Dove, Pink and Khaki,** in the following sizes: Extra Small, Small, Medium, Large and Extra Large.

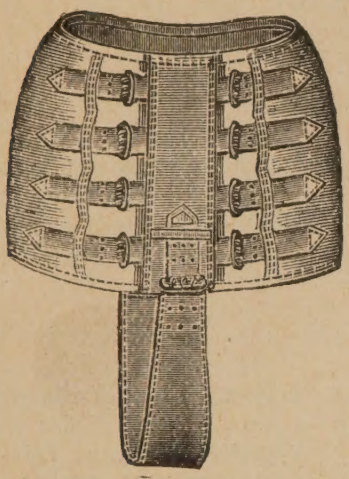
Le Brasseur Obstetric Belt. No. 14

For use before and after Accouchement.



An admirable and necessary article for use before and after accouchement, and a vast improvement over the old-fashioned towelling. It is simple in application and requires placing once only, no other fastening than the buckles being necesary. It rapidly reduces the figure to its naturally graceful shape, as it can be adjusted at any time without disturbing or in any way incommoding the patient. Its chief advantages are the complete simplicity of adjustment, combined with comfort and security against improper binding by inexperienced persons.

Urinals, etc.

Urinals are invaluable in cases of incontinence of urine, and are indispensable for long journeys. They are made either of the best galvanised india-rubber or of pure gum. They are quite unaffected by changes of temperature, and are easily cleansed. Those for Ladies are especially useful, being soft, flexible and worn with great comfort. **Each one is made up specially to customer's order.** This ensures the rubber being perfectly fresh, and **obviates any chance of them being perished** through being kept in stock too long, as is often the case. All sent out complete with waistband. Size round waist only measurement required when ordering.

For Day and Night Use.

Our greatest difficulty in the past has been to manufacture an effective Urinal for day or night use combined that would prevent the inconvenience and discomfort caused by the contents returning when in a reclining position.

After years of study, however, we are now able to offer our clients an Appliance which can be used with perfect safety, **as the contents cannot escape, no matter what position it is worn in.** We will endeavour to explain our improved **"PERFECTION"** Urinal. On the illustrations will be observed a "dotted line"—this is a **stiff inner flange,** which stands away from the inside of the Appliance, and by the addition of a **thin steel spring the aperture is prevented from closing**—the spring keeping it **pliable** and **close fitting;** by the same means the sides are also kept open.

An Inflated Cushion is fitted to the top of the Appliance, thus ensuring comfort and ease to the wearer, and making it an article that we can recommend for travelling and one that will stand good wear in hot climates.

The **"PERFECTION" Urinal** is the cleanest and most successful made and a great improvement on the patterns usually adopted.

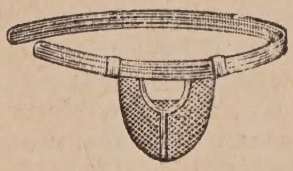
Suspensory Bandages.

Every Man should wear one. No. 8
Invaluable to Cyclists, Athletes and Pedestrians.



The Medical Profession all agree that to wear a properly constructed Suspensory Bandage is not only a safeguard against accident, but cures many nervous troubles consistent with an active life. If you have never worn one you cannot realise the comfort and support that they give. Their use absolutely banishes that tired, dragged down feeling. Many men wear a suspensory bandage as a matter of comfort, and the number is steadily increasing as a result of the benefits attending their use being better understood. They are invaluable to those exposed to the strain and fatigue of standing for many hours. We recommend Le Brasseur's Sport Bandage ; it is very light and comfortable to wear.

E—Le Brasseur Patent Sports Bandage. This is the most up-to-date and conveniently designed bandage ever offered to athletes or the general public, an article absolutely reliable and comfortable and at the same time at a reasonable price, despite the high quality given. This article, has materially assisted us in building up our business into what it is to-day, and its great sale is convincing proof that the public appreciate skilled and specialised interest in an article of this nature. Its great advantages over all others are :—

1.—Understrap to prevent its moving, due to jerky movements.

2.—Patent bag to unbutton. It is the matter of a second's work to detach bag, a great benefit which all men will admit.

3.—Designed to fit, not merely to be attached.

4.—Finally its remarkable low price, viz., in Silk **6/3**

Suspensory Bandages are made in three sizes: small, medium and large. Larger sizes can be supplied if desired.

We recommend Le Brasseur's Sports Bandage—

F—Silk, Patent Removable Bag. This, and the Bandages following hereunder, are made in the finest quality soft silk, and are recommended to those users who desire a material that cannot possibly irritate the most tender skin **7/6**

VARICOCELE LOTION. No. 6. Strongly recommended for people suffering from "Varicocele" which is often mistaken for Rupture, but there is absolutely nothing analagous between the two. "Varicocele" is to a large extent painless, although there are sometimes in evidence pains of a slightly neuralgic character. Immediate relief from these pains is obtained by the application of this Lotion.
It is absolutely necessary that a good Suspensory Bandage should be worn while treating this ailment. This Bandage removes the weight off the muscles of the affected parts and affords general relief. It is only necessary to apply this lotion night and morning, when direct and permanent benefit will be derived in the first instance.

Le Brasseur's Bust Supporter and Reducer. No. 271

A PERFECT BUST SUPPORT SPECIALLY RECOMMENDED FOR FULL FIGURES.

We can rightly claim that we have succeeded in manufacturing a Perfect Bust Supporter and Reducer, having none of the failings common to many hundreds of different and unsatisfactory types sold to-day.
This support is made from the finest hygienic rubber, exceedingly thin and light yet remarkably strong, perforated all over with small holes to prevent perspiration and undue warmth.

It is specially shaped to the figure, and has a loose lining of pure silk which can be removed, leaving only the rubber, a great advantage which will be appreciated when bathing, or during very warm weather. A very smart cut garment and apart from the very useful work it performs in supporting and reducing the figure, greatly adds to the wearer's carriage and appearance. Made to adjust both back and front, enabling the wearer to effect a reduction of approximately 2 to 3 ins. Can be worn with equally satisfactory results both in summer and winter.
Supplied in all sizes, give measurement right round bust when ordering.

STATE CLEARLY EXACT NATURE OF COMPLAINT.

LONDON BRANCH: 26, Sackville Street, Piccadilly, W. 1.

The Secret of Youth.

No. 70

Since the world began it has been the desire of man to prolong his existence, and to endeavour by occult or natural means to retain his youth and vigour.

Like the Philosopher's Stone and the Alchemists' Dream, the secret of perpetual youth is still locked in nature's bosom.

But it is given to science and research of to-day, if not to discover the secret, at least to obtain a means whereby any man can, by careful study of the laws of health, coupled with the proper rejuvenating agent, keep in perfect health and maintain and enjoy those natural functions to a ripe old age.

To Le Brasseur's Chemists has fallen the responsibility of providing the world with this rejuvenating agent.

Loss of energy, with consequent **handicap in life**, is a subject of **vital importance** to all, especially those who, in younger days, enjoyed all the pleasures that youthful vitality brings. The causes of a man becoming run down and feeling low-spirited and exhausted are many and varied. **Nature will not be trifled with.** Nature will exact her toll to the full.

Remove that " Fed-up " Feeling.

" Vi-Vims " act as a Magic Tonic.

" Vi-Vims " Renew Youthful Vigour.

Would you open up a new Vista of Health ?

Why do you remain half alive, unable to do reasonable justice to the daily routine, dragging through with the feeling that the slightest effort of brain or muscle is another pull on an overtaxed reserve. Why do you ? **Le Brasseur " Vi-Vims "** act like magic, restoring lost power and energising the system. Force, energy, vigour and enthusiasm of youth are yours again ; the glow of manhood or womanhood courses through the veins and with a return of your full physical and intellectual capacities comes the renewed depth of the emotional powers which means the full enjoyment of life.

" Vi-Vims " act as a magic tonic—

"Vi-Vims" a Remedy of Nature.

A concentrated essence of a vital part of nature's own, **"Vi-Vims"** are a scientific Pharmaceutical preparation and proved specific. They are a compound of Damiana and other costly and potent tonics freshly made up with all the natural qualities of the drugs retained.

By virtue of their ingredients **"Vi-Vims"** are an infallible remedy for

Insomnia	**Nervous Prostration**	**Cramp**
Loss of Memory	**Neuritis**	**Pallor of Face**
Exhaustion	**Paralysis**	**Impoverished Blood**
Irritability	**Want of Concentration**	**Sluggish Liver**

Safe and Sure Remedy.

For General Weakness and Loss of Nerve Power.

The patient taking them at once recognises that his manhood is returning, he feels all that joy that goes with the knowledge of strength and resolution, and he seizes health with both hands.

What our Customers think of the Value of "Vi-Vims.

4, Bridgefoot Road,
Fareham, Hants.
4th January, 1919.

Gentlemen,—I enclose order for another box of **"Vi-Vims."** I must say what I have observed, viz., they have saved a lot of suffering from this so-called "Flue" when noticing four of my clerks developing symptoms, I gave each man four pills to take as directed, and same were taken overnight, at that time two were not able to carry out their duties. The whole four were fit and back at their desks in the morning. Yours faithfully,

G. A. J. Humphries.

Aug., 29th, 1912.

Gentlemen,—I feel I must write to tell you of the **most wonderful curative power of "Vi-Vims."** I have just finished the first bottle and I am **quite restored to health.** I have been trying all kinds of Nerve foods and tonics, but I **have never found anything to equal "Vi-Vims" for restoring lost Vigour and Vitality.** I only wish I had known of them before. Unlike other so-called tonics. they do not constipate the bowels. On the other hand I found them to regulate them. They are **undoubtedly a most excellent preparation.** I shall be glad to make them known to anyone suffering from weakness or nervous breakdown.

A. E. Lindfield.

—they give youthful strength to young and old.

" VI-VIMS "

Take instantaneous effect and will act where everything else has failed.

Guaranteed absolutely harmless.

They make living a pleasure, They act as a stimulant where the vital principles of energy are decayed. They take immediate effect and Cure where everything else has failed.

No harm can result from their use. " Vi-Vims " are put up in handy bottles, suitable for the pocket, and full instructions are enclosed. **They are absolutely pure, made from fresh drugs, and go direct to the spot, and their good effects are felt immediately.**

They keep in any climate, and do not lose their strength as they are put up in air-tight screw bottles and fitted with wads inside them ensuring the contents retaining all their potent properties under any circumstances and in any climate.

"VI-VIMS" are sold in bottles in three strengths.

No. 70

Ordinary Sugar Coated, 3/– and **5**/–, for all ordinary cases.
Strong Silver Coated, 5/– and **11/6**, for where the weakness is more pronounced.

Extra Strong Gold Coated, 12/– and **23**/–, for Chronic cases. The strongest obtainable. **Instantaneous effect.**

We Recommend—

The first two strengths where the weakness is only slight or at the most only periodical. For chronic cases a bottle of the extra strong should be taken.

SPECIAL NOTE.

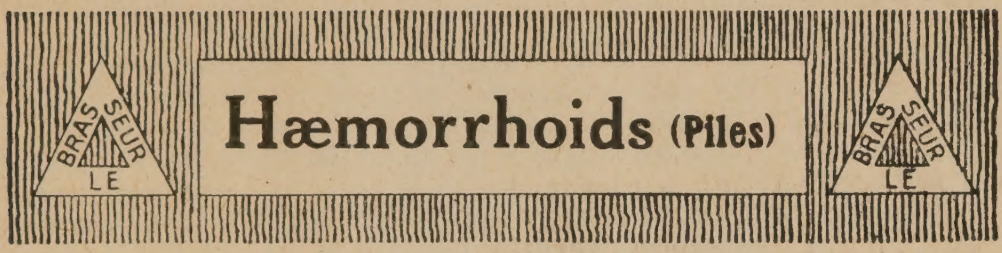
The **5**/– **Sugar** coated size contains twice the amount of the **3**/– size.
The **11/6 Silver** coated size contains three times the amount of the **5**/– size.
The **23**/– **Gold** coated size contains three times the amount of the **12**/– size.

WARNING.

We specially desire to warn the public against many **fraudulent Imitations** which have been put on the market. In many cases our Registered Trade Mark Name has been closely imitated, and the well-known properties of our remedy have been unjustly claimed by Quack Medicine Dealers.

" VI-VIMS " ARE REGISTERED. Always see that the registered name and number—" Vi-Vims " Registered No. 330522— is plainly marked on the bottle. Substitutes are extremely dangerous to your health.

" Vi-Vims " are guaranteed to cure



Le Brasseur's Complete and Permanent Cure for Hæmorrhoids (Piles). No. 102

No disease is more widespread, none causes so much discomfort, and none is more serious in its effects, if neglected, than that known to the public as "Piles." It is a dilation, rupture or tumour of the capillaries, veins or arteries at the anus or in some part of the rectum, causing a varicosed, hæmorrhoidal tumour. This may be internal or protruding. The trouble is often accompanied by intense itching and generally by pains which may be exceedingly severe, causing a very enervated condition of the system. This is especially noticeable during a movement of the bowels.

The gratifying relief which our remedy brings is **continuous** and **is permanent. WHY SUFFER WHEN COMFORT IS YOURS FOR THE ASKING.**

Men and women suffer needlessly. There is within each of us a natural warmth, which, when once stimulated, quickly relieves pain. To generate that natural warmth is the **mission of our treatment.** Le Brasseur's cure applied to the affected part at once causes the tissues to relax, a soothing and healing influence is obtained, which alleviates the pain, the aching disappears and brings a **grateful sense of comfort** and relief.

What is more important still, the complete toning up that the affected parts have received by being in direct contact with the cure **absolutely prevents any recurrence of the complaint. You are not only completely cured but you are cured for all time.**

No other Treatment can possibly do this for you.

You will never have any other expense such as doctors' and chemists' bills after the initial outlay, as **once cured always cured.** No more sleepless nights—no more painful movements—you will rejoice as others have. It will make life worth living.

Treatment.

If the Hæmorrhoids protrude at stool, bathe and thoroughly cleanse with **hot water and Le Brasseur's Medicated Soap** (See page 24). Dry by lightly dabbing, not wiping, with a soft cloth or antiseptic cotton. **Apply Pile Remedy** and gently push them back.

Internal Hæmorrhoids to be successfully treated should have the **Pile Remedy** applied directly to the affected parts by means of **Le Brasseur's Pile Remedy, Introducer or Suppository Syringe.** This is really the only satisfactory method of treating this form of Hæmorrhoids if **immediate relief and early cure** is desired. A sufficient quantity is easily brought in direct contact with the Piles and none is wasted.

Suffer no more. Get rid of the discomfort. Write today for Le Brasseur's Treatment, which has cured thousands, not only completely but also permanently.

Constipation.

Must necessarily be avoided. The bowels should be assisted to act in a natural manner. For this we supply a **Natural Remedy**—

Le Brasseur "Pilule."

This is a highly recommended medicine for restoring the bowels to their normal functions. It has a gradual inoffensive, easy and gentle action which cannot cause the slightest hurt and in addition it gives tone and vitality to the bowels. In fact it is "**Nature's Own Remedy.**" Prices **3**/–, **5**/– and **12**/– per bottle.

—Hæmorrhoids are permanently cured by Le Brasseur's Treatment.

Le Brasseur's Aids for the Deaf.

The Disadvantage of Deafness.

None but those who suffer from Deafness can realise to what disadvantage they are placed with their fellow creatures. Notwithstanding the extraordinary success of Le Brasseur's electrical and non-electrical Aids, there still exists amongst many deaf people a deep rooted prejudice against wearing any instrument, it should be borne in mind that Artificial Aids are as essential to the ears as eye glasses for defective eyesight.

The person who is ordinarily deaf should not overlook the fact that the more they hear the better will become their hearing as like other organs disuse creates inactivity. The difficulty of hearing often causes many to abandon listening, this is a great mistake and it should be remembered that constant use of a sense cannot fail to develop that sense so that given the help of one or the other of Le Brasseur's Aids, the hearing must necessarily improve.

Swan-shaped Oxydised Ear-Trumpet.

An idea as to the exact size of this useful little instrument may be gathered from the fact that it can be comfortably carried in the waistcoat pocket when not in use. For so small a hearing device it is extremely efficient and powerful.

The Electrical and Non-Electrical Instruments shewn above and on pages 38 and 39 are illustrated solely with the idea of drawing attention to the fact that we supply Instruments for Deafness.

We shall be pleased to forward POST FREE on application, our Deaf Catalogue (kindly ask for List " F." which illustrates and describes **32 DIFFERENT VARIETIES OF THE WORLD'S FINEST AND MOST POWERFUL ELECTRICAL and NON-ELECTRICAL AIDS FOR DEAFNESS at prices within the reach of everyone.**

Le Brasseur's Deaf Instruments are the "Acme" of perfection.

Le Brasseur's Electrical Aids for the Deaf.

The "POWERPHONE."

Five times more powerful than any Non-Electrical Aid.

It is hardly necessary to give a lengthy description of the Electrical appliances or to describe the mechanism of each individual instrument, briefly they are all on the principle of the telephone, but considerably greater in power. For the most severe cases of deafness their use is indispensable. In design the "Powerphone" is light and small and can be worn without any degree of discomfort. The Collector or Sound Box can be attached to the outer garments, or hidden away under the coat or dress with equal advantage. In use the Receiver or Ear Piece is no more conspicuous than an eyeglass, and Ladies by so arranging their hair, can render it quite invisible. Therefore, apart from the thin insulated wire which connects the Ear Piece to the Transmitter and Battery, it is possible to completely conceal the entire instrument. The simplicity of the "Powerphone" combined with the enormous advantages gained has made it tremendously popular.

Tube Attachment for "Powerphone" Models.

We have, after considerable experimenting, succeeded in manufacturing an Attachment for the various "Powerphone" models referred to above. The end (at K) screws into the ear piece which can now be carried in the pocket, the sound being conveyed by means of a thin rubber tube; this is attached to the ear by the hook shaped section (at M) and will fit any ear securely yet lightly without the slightest grip or pressure. This device will be found to actually increase the volume of sound, does away with the use of a head band and has the advantage of being practically invisible.

Its weight is roughly about one-sixth that of the Ear Piece and Head Band.

Price of Attachment for any model illustrated in this List, **15/6** each.

POWERPHONE D. 250. MODEL "A."

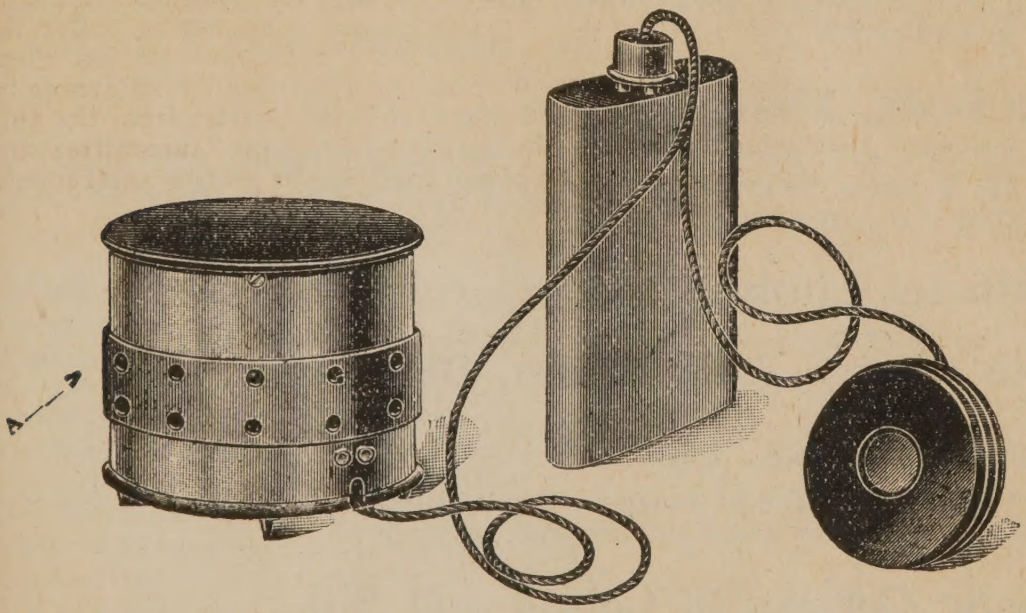
The instrument here illustrated is a very compact and neat model of good power and, although extremely low in price, can be relied upon to give the most satisfactory results. Thoroughly recommended to all deaf persons.

Price, complete with two Batteries and Head Band, **£3 15 0**

Hearing improves with Hearing—

Demonstrations.

The Deaf Instruments illustrated on pages 37, 38 and below, and many others, which space does not permit of us describing in this list, but are fully illustrated and described in List "F" which we shall be pleased to forward Post Free on application, are daily being demonstrated at our Consulting Rooms at **90 and 92, Worcester Street, Birmingham and 26, Sackville Street, Piccadilly, London, W.1.** Customers are cordially invited to inspect these instruments and obtain **FREE ADVICE** from our highly experienced Male and Female Attendants.



POWERPHONE D. 250. MODEL "M."

This instrument is the outcome of considerable experimenting. The transmitter at A consists of two very powerful microphones set in a special metal case. By this means a tremendous volume of sound is obtained. The ring round the body of transmitter acts as a regulator producing either loud or soft strengths. **The power of this instrument is so great as to bring the hearing of those who are on the verge of stone deafness to normal.**

Press Opinions

"THE FAMILY HERALD." Hope for the Ruptured."

Says— December, 1924.

Sufferers from rupture will welcome the information booklet entitled "The Dawn of Hope for the Ruptured," issued by **Le Brasseur Surgical Manufacturing Company, Ltd.,** for after reading it they will not only have hope but also a clearer idea of the causes, nature, dangers and cure of this painful complaint than they have ever had before. The company have produced an Appliance which they claim will effect a certain cure—a claim which is supported by the large number of unsolicited Testimonials that have been received from former sufferers, a large percentage of whom have been completely cured by Le Brasseur's treatment. The Company's headquarters in London are at **26,** Sackville Street, Piccadilly, London, W.1., where application for the booklet should be made.

"THE COUNTRY GENTLEMAN AND LAND AND WATER."

Says— September 23rd, 1911

SHOPPING BY POST.—Shopping through post is now quite the thing. Messrs. Le Brasseur Co., Ltd., are one of the pioneers of the business, and have a **Reputation second to none. As a Guarantee** of their **Straightforward dealings,** all their goods are replaced by others if they are not exactly what the purchaser requires.

"THE WAR OFFICE TIMES AND NAVAL REVIEW."

Says— October, 1911

Le Brasseur Co., Ltd., the well-known firm of Paris and Birmingham, of whose business method we hear the best accounts, have established a big business by many years' **scrupulously fair trading.** Their success has been achieved by the supply of **sound** articles. They are the **actual manufacturers** of their own goods, a fact which accounts for the extreme moderation in price, an idea which can be gathered by a glance at their Catalogues and, while daily replenishing their large stock with goods that they guarantee, they are able to sell at **exceedingly low prices,** owing to the system by which the **Customer and Manufacturer divide the profits.**

"THE PHARMACEUTICAL JOURNAL"

Says— December 9th, 1911

Le Brasseur Surgical Manufacturing Co., Ltd., of Paris have opened an extensive branch office in Birmingham. Their new premises are stocked with every kind of surgical goods and appliances, and those firms who are not already doing business with them are invited to write at once for their revised price list. **They spare no pains to afford every satisfaction to their customers,** and the fact that they manufacture their own goods accounts for the **extreme moderation in their prices.**

"THE BRITISH AND COLONIAL DRUGGIST"

Says— March 1st, 1912

Since Messrs. Le Brasseur Surgical Manufacturing Co, Ltd, the well-known firm of Paris, have been established at 90 and 92, Worcester Street, Birmingham, England, their business has increased rapidly, and **this success is sufficient evidence of the satisfaction of their numerous clients.** All business is conducted in a purely confidential manner between the company and its customers, and the motto of the firm is **"lowest price, highest quality, quick delivery."** A Catalogue of the firm's products may be obtained on application.

"THE UNITED METHODIST"

Says— November 20th, 1924

We have evidence to justify the assertion that Le Brasseur Surgical Manufacturing Co., Ltd., of 90, Worcester Street, Birmingham, 26, Sackville Street, Piccadilly, London, W.1., and Paris, **have in their new Scientific Treatment for Rupture, the soundest and most successful cure for this terrible affliction** ever placed within the reach of the sufferer.

By its unbroken record of success the Treatment has fully merited the recognition of Medical Authorities and is regarded as a striking advancement on all previous old-fashioned an unsuccessful methods. The big weekly increase in the number of cases that Le Brasseur are called upon to undertake is further and unmistakable proof of the Company's ability to cure Rupture.

We could give no better advice to all ruptured persons than to give this treatment a trial, as the risk of disappointment or failure is fully covered by the Company's remarkable offer to forward the treatment on approval.

Praise from the Press.

VARICOSE VEINS CURED.

Messrs. Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London and Paris, **guarantee to positively and permanently cure Varicose Veins, Bad Legs, etc., without operation, drugs or bandages,** by a new scientific method. This claim is abundantly confirmed by the sheaf of unsolicited Testimonials we have seen. One of the letters tells of a leg that has been bad for nine years and is now perfectly cured. Another sufferer records thanks for the complete cure of a very bad Varicose Ulcer. The patient states it was once agony to stand for a short while, but she can now stand for any length of time without pain or discomfort, and walking is now a pleasure instead of a painful task. "I am cured" write many others. Readers who may be suffering the agonies and discomfort that Varicose Veins bring in their train would be well advised to give this treatment a trial. **The Company have the fullest confidence in their treatment by their offer to send it on approval.**

We feel sure that the result will prove equally as gratifying as it has been in many other cases.

"HOME TOPICS." Is Rupture Incurable ?

May 17th, 1924

Very successful work is being done amongst sufferers from Rupture by Le Brasseur Surgical Manufacturing Co., Ltd., of 90/92, Worcester Street, Birmingham, also of London and Paris, who have introduced a new treatment for completely curing this complaint.

The unquestionable superiority of this new method is proved by the extraordinary number of testimonials which have been received from former sufferers, a large percentage of whom experienced no improvement in their condition by trying other treatments, and yet were completely cured by Le Brasseur's methods.

This firm have long since exploded the theory that Rupture is incurable.

EXTRACT FROM "HEALTH AND STRENGTH."

February 2nd, 1924

After Doctors, Surgeons and Medical Institutions have all failed.

The high opinion expressed by the Medical Profession with regard to "Varenecose" has placed this wonderfully popular Treatment for Varicose Veins, Ulcers, Bad Legs, etc., on a very high level. Messrs. Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London and Paris, are to be congratulated on the remarkable results obtained.

Before the discovery of "Varenecose," Varicose Veins, Ulcers and other leg complaints had completely baffled medical men, and the fact that this treatment has permanently cured cases regarded as beyond medical skill is the finest testimony it is possible to record.

The confidence which this firm has in "Varenecose" is evidenced by the fact that they unhesitatingly offer to send it on approval, and their claim to permanently cure Varicose Veins, Ulcers and Bad Legs, etc., is amply justified by the unsolicited testimonials we have seen. They have on record numerous cases where the "Varenecose" Treatment was most successfully applied after Doctors, Medical Institutions, etc., had to admit defeat.

"THE BAPTIST TIMES AND FREEMAN"

Says—

No invention for the alleviation and permanent cure of Varicose Veins, Ulcers, Bad Legs, etc., has achieved such wonderful results as "Varenecose," the discovery of Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London and Paris. They have already established a high reputation and gained the complete confidence of the public by their conscientious and straightforward methods. **The "Varenecose" treatment is sent on approval, an offer which all sufferers should accept as proof that the Company can positively and permanently cure Varicose Veins, Ulcers, Bad Legs, etc.** Judging from the remarkable cures which this treatment has effected in seemingly the most hopeless cases, as evidenced by numerous unsolicited testimonials we have read, it is no exaggeration to say that "Varenecose" is fully recognised to be the most reliable treatment for all sufferers from Varicose Veins, Ulcers, Bad Legs, etc.

Praise from the Press.

"THE METHODIST TIMES"

Says— December 13th, 1923

No discovery of modern times has been so far-reaching in its service to suffering humanity than the "Varenecose" treatment for Varicose Veins, which has been registered by Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London and Paris. Prior to the discovery of "Varenecose," Varicose Veins were admittedly a source of great anxiety to doctors, **and the high opinions expressed by the medical profession with regard to the "Varenecose" Treatment, which has actually cured cases regarded as incurable,** is a great compliment to Le Brasseur's wonderful achievement. The unremitting care given to each case is undoubtedly a big factor in the extremely high percentage of successes recorded, and the fact that the Company have no hesitation in sending it on approval is proof that they have the most complete confidence in their treatment.

"THE WESLEYAN METHODIST"

Says— November 8th, 1923

Le Brasseur Surgical Manufacturing Co., Ltd., the well-known firm of 90 and 92, Worcester Street, Birmingham, London and Paris, have revolutionised the treatment of Varicose Veins, Ulcers, and every other leg complaint, by a new method, which is registered under the name of "Varenecose." **They have already earned the highest approval of the medical profession,** and gained a popularity that is world wide. They have on record evidence of several cases where **their new treatment was most successfully applied after an operation had failed.** The most stubborn cases must yield under the influence of "Varenecose."

"CATHOLIC HERALD"

Says— June 28th, 1924

Readers who suffer from that most distressing of all maladies—rupture—will be gratified to learn that Le Brasseur Surgical Manufacturing Co., Ltd., of Birmingham, London and Paris, have an **excellent remedy for permanently curing this agonising complaint.** All sufferers from rupture can, with every confidence, place themselves in the hands of this firm when the results obtained will prove equally gratifying as in numerous other cases already successfully treated. That the Company have the fullest confidence in their new treatment is justified by their willingness to send it on trial, an offer of which sufferers are well advised to take advantage. From the batch of unsolicited testimonials received it appears that there can be no weak spot in the treatment. **A sufferer for fifteen years can be making no mistake when he states that he is permanently cured.** This is the general tone of every other letter.

"THE PHARMACEUTICAL JOURNAL"

Says— October 6th, 1917

Le Brasseur's "Autocrat" Pneumatic Rupture Appliance is a contrivance of which the inventors speak in very high terms. The Company has constructed this appliance on the principle **that if something could be devised to hold the rupture successfully,** nature herself would repair the weakened muscles and tissues. This Le Brasseur claim to have done, and they **guarantee that the appliance will hold the rupture under all circumstances.** An interesting booklet is supplied by the Company, copies of which may be obtained by applying to Messrs. Le Brasseur Surgical Manufacturing Co., Ltd., 90 and 92, Worcester Street, Birmingham.

"THE JOYFUL NEWS"

Says— December, 1924

Le Brasseur Surgical Manufacturing Co., Ltd., of 90, Worcester Street, Birmingham, and 26, Sackville Street, Piccadilly, London, W.1, and Paris, have undeniably reached the summit of success in their wonderful new treatment for the complete and permanent cure of Rupture. As the result of direct and personal investigation, we find that although confronted with great difficulties they have **most successfully cured numerous cases hitherto regarded as beyond medical skill or hope of recovery.**

A treatment which can convert seemingly hopeless cases into permanent cures is unquestionably one which all Rupture sufferers are well advised to try, when the result will, we are confident, prove equally as successful as it has been in all other cases.

For proof of Le Brasseur's confidence in curing Rupture, **nothing could be stronger evidence than their willingness to send the treatment on approval.**

Praise from the Press.
